

Take your part in Izmir...

**Dr. Erguder Can, Secretary-General  
of the Izmir Development Agency (IBD)  
TURKEY**

cordially invites you to a cocktail reception on

**Thursday, May 20th from 5PM to 6:30PM**

Venue:

The Alexandria Center for Science and Technology - Mission Bay  
1700 Owens Street  
San Francisco CA

*Parking: UCSF's Mission Bay garage is located across the street.*

**Join a select group of executives and business leaders  
to network and hear first-hand about the opportunities in bio-medical  
and renewable energy technologies in Izmir, Turkey.**

- Izmir strongly supports growing biotech and renewable clusters, with excellent R&D infrastructure and attractive financial incentives.
- Turkey, the world's 15th largest economy, offers a very young, educated population, with strong domestic growth and low-cost connections to European and Middle-Eastern markets.
- Izmir is Turkey's second largest commercial center, with the country's second largest fully inter-modal port facility.
- Izmir - the size of Los Angeles - is a focal point of Turkey's dynamic growth and potential, with over 1,400 foreign firms operating in the region.
